

O3 Mining

The New Generation of Explorers

O3 Mining Wishes You A Great Summer!

The end of the school year is just around the corner and O3 Mining would like to wish all students and parents in Val-d'Or, Malartic and the surrounding area a great summer!

We are pleased to announce that we will be preparing an information meeting that will be held at the end of the summer, in accordance with the COVID-19 public health measures in place. Your health is our priority.

This meeting will be the first opportunity for O3 Mining to establish an open dialogue with the community in order to explain our projects and answer all of your questions.

We invite you to follow our social media accounts to stay informed of the official date!

O3 Mining Presents Its First ESG Report

On June 2, 2021, O3 Mining presented the first ever sustainability report on its environmental, social and governance (ESG) practices. This report is a summary of what O3 Mining has done in these three areas, and is a roadmap to guide the company's objectives.

As the new generation of mining, we firmly believe that sustainable development must be at the heart of our business.

We have also set up a sustainability section on our website, where you will find our achievements to date and our plans for the future.

News & Activities

Projects

On June 8, 2021, O3 Mining organized a [virtual tour](#) of its Marban and Alpha projects as part of CIBC Virtual Canadian Mine Tour. This was a great opportunity to introduce our projects to the rest of Québec and Canada.

Our President Jose Vizquerra also had the opportunity to speak with [TVA Abitibi](#) about O3 Mining and the importance of developing projects that respect our host communities and the region.

Grants and Donations

O3 Mining is proud to sponsor a C\$ 15,000 scholarship in collaboration with the Young Mining Professionals Scholarship Fund for a student in a mining related program for the year 2021-2022. The application deadline is August 31, 2021.

For eligibility requirements and to apply, go to the [Applications](#) page of the Young Mining Professionals website and click on the O3 Mining Scholarship.

O3 Mining also recently donated C\$ 1,000 to the Centre de formation professionnelle de Val-d'Or's scholarship program.

In total, O3 Mining has donated and sponsored over C\$ 83,000 to organizations and programs in Québec and Abitibi-Témiscamingue.

We Are Hiring!

O3 Mining is always looking for new talent to join our dynamic team. Our employees are at the heart of the success of our projects.

Do you want to be part of the new generation of mining? [Check here](#) for all our job opportunities.

UL Ecologo® Certification

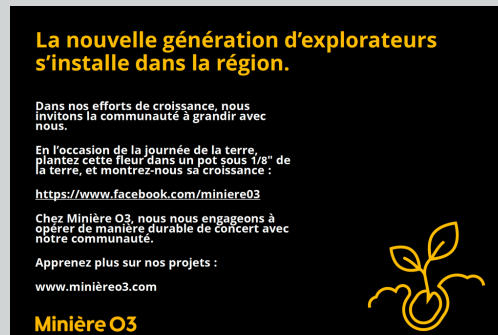

One of O3 Mining's priorities is to obtain the UL Ecologo® certification before the end of 2021.

This certification is issued to mining exploration companies that conduct their operations in a sustainable manner based on environmental, social and economic practices. The process is well underway and we are optimistic about the outcome!

Earth Day

As part of Earth Day held on April 22, 2021, O3 Mining distributed plantable cards to the citizens of Malartic and Val-d'Or.

We hope that your cards have now become flowers and we invite you to send us pictures!

Mental Health Week

As part of Mental Health Week held from May 3 to 9, 2021, we joined the Not Myself Today campaign presented by the Canadian Mental Health Association

This initiative on mental health in the workplace aims to mobilize and raise awareness in order to destigmatize mental health issues. It also aims to transform the way we support people who are struggling and to foster healthy and inclusive workplaces.

Being part of the solution is our goal!

Message From the President

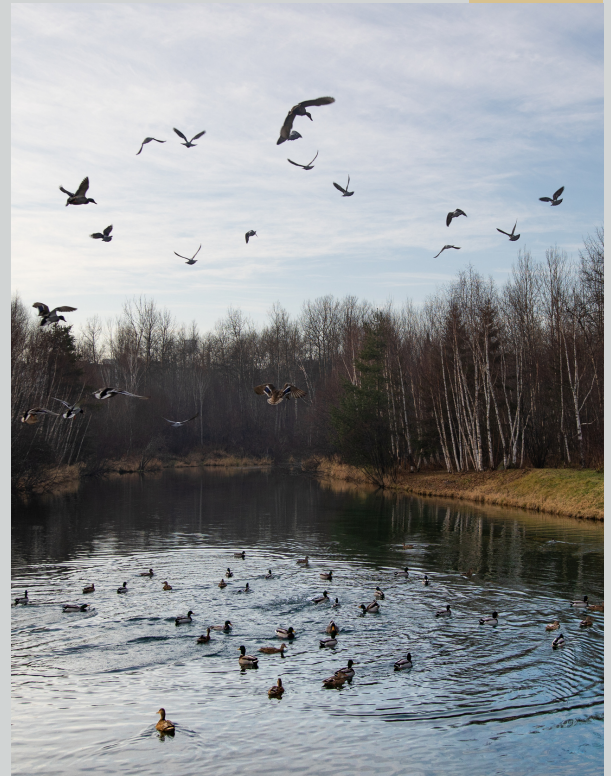

National Indigenous History Month 2021

"As part of National Indigenous History Month 2021, which is currently underway throughout the month of June, O3 Mining wishes to highlight the rich history, traditions and diversity of First Nations, Inuit and Métis people.

Indigenous History Month is an opportunity to celebrate and honour the heritage of Indigenous communities. Our team is proud to be able to collaborate with the communities in the Vallée-de-l'Or region.

For O3 Mining, respect, integrity and transparency are fundamental. These values reflect our priorities and are the foundations on which we wish to build partnerships with the First Nations. Learning more about their history and traditions is important to us, and invites us to reflect on the future."

- Jose Vizquerra, President and CEO of O3 Mining

Did You Know?

Production of gold

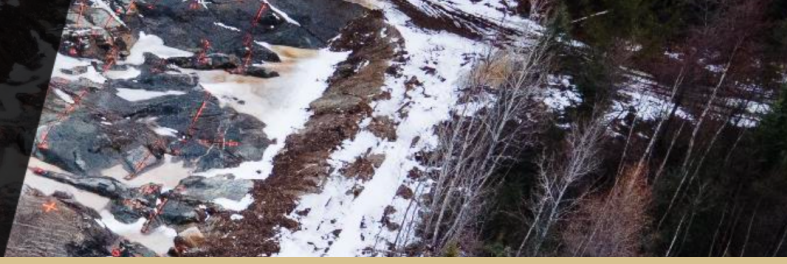

Canada is the 5th largest gold producer in the world, after China, Australia, Russia and the United States. These 5 countries produce about 44% of the total world production.

In 2019, Canada produced 175 tons of gold, for which Ontario and Québec contributed 75%.

Finally, gold is the most valuable mined mineral in Canada. It was estimated that the 2019 value of production in the country was C\$ 10.3 billion!
